

Repair Report Form

Skipper: _____

Boat #: _____ Date: _____

The condition of our boats is a top priority at the club. We ask that members help by recording items they have observed which might need repair. We go through this book every morning and then work to fix problems. Some items can be repaired immediately. Others require us to order replacement parts.

At certain times of the year such as at the start and end of the season, repairs have to be prioritized so that we can also accomplish other tasks like launching or hauling boats. Your patience is always appreciated.

If you have requested a repair and it is not getting done for some reason, please contact the office at 212-786-3323.
